R.S. Owens Releases 2010 PictureFrames.net Catalog

Chicago, IL: December 29, 2009 - R.S. Owens released its new 2010 PictureFrames.net catalog, introducing whole new look and exciting new products.

"We are more than ever ready to be the industry's best source for stock or custom frames," says Andy Arruda, Owens/PictureFrames.net National Sales Manager. "We have introduced some innovative and dynamic looking designs in our new catalog release, including Digital Frames, Digital Key Chains, Eco, Acrylic, Crystal and Glass Frames, Certificate Holders and much more. We are most excited with our new Digital Advertising Displays, available as countertop or free standing units. These Displayers include full size, colorful billboard posters with a digital LCD screen to run any video or slideshow, and can be used almost anywhere."

"We are also relaunching the industry's only online Custom Framing website, which is client safe and enables any user to create their own customized frame. You can upload your own photo or select from thousands of prints from our online gallery, choose a frame, matte and glass, and in a few clicks of your mouse you have designed your own custom frame. This new site will launch in January and can be found at www.epictureframes.biz."

R.S. Owens has been producing elegant awards and gifts for over 70 years. The company produces many of the world's most well known awards, including the Oscar, the Emmy and the Clio. With its recent acquisition of PictureFrames.net, Owens is the industry leader in recognition, awards, gifts and frames. Information on the company may be found at www.rslowens.com.
